Privacy Policy Highlights

FortiClient DOES NOT collect and send any user specific personal information like username, photos or email address to Fortinet

-  FortiClient may collect anonymous usage information and share with Fortinet for the purpose of improving usability and functionality
-  FortiClient does not monitor end user VPN traffic
-  FortiClient Webfilter feature, if enabled, submits website urls to Fortinet servers for category rating.

By selecting "I accept" below, you agree to the FortiClient [<Terms and Conditions>](#) and [<Privacy Policy>](#)

The screenshot shows the FortiClient VPN application interface. At the top, it displays "FortiClient VPN" with a shield icon and a menu icon. Below this, there is a status bar with a green checkmark and the text "SSL VPN". To the left of the status bar is an icon of a laptop and a padlock, and to the right is a globe icon. A dotted line connects the laptop icon to the globe icon. Below the status bar, there is a white box containing the following information:

- KAMC
- Username: 110252
- Current Session: 0:05
- IP Address: 10.50.0.18

At the bottom of the interface, there is a red button with the text "Disconnect".
